# Y11 SUPPORTING SUCCESS EVENING

Wednesday 15 November 2017

4.00 pm - 6.00 pm

We would like to invite you to come and join us at the Academy to attend group revision workshops with members of staff to support your child in their Pre-Public Examinations in December. You will learn how to revise and be given new revision materials. We look forward to seeing you.

Parental support is the biggest most important factor that supports a child's progress.

The relationship between the Academy and home is one of our main priorities.

Supporting Academy initiatives will not only improve your child's attainment but allow you to be part of the process.

Put yourself in your child's shoes, see their work and re-learn how to revise yourself.
